Forward-Looking Statement

This presentation contains forward-looking statements and projections. The Company makes no express or implied representation or warranty as to the completeness of this information or, in the case of projections, as to their attainability or the accuracy and completeness of the assumptions from which they are derived, and it is expected that each prospective investor will pursue his, her, or its own independent investigation. It must be recognized that estimates of the Company's performance are necessarily subject to a high degree of uncertainty and may vary materially from actual results. In particular, this presentation contains statements, including without limitation the projections, that constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These statements appear in a number of places in this presentation and include, but are not limited to, statements regarding the Company's plans, intentions, beliefs, expectations and assumptions, as well as other statements that are not necessarily historical facts. The Company commonly uses words in this presentation such as "anticipates", "believes", "plans", "expects", "future", "intends" and other similar expressions to identify forward-looking statements and projections. You are cautioned that these forward-looking statements and projections are not guarantees of future performance and involve risks and uncertainties. The Company's actual results may differ materially from those in the forward-looking statements and projections due to various factors, including competition, market factors and general economic conditions and the risk factors set forth in the Company's latest Annual Report on Form 10-K, and its Quarterly Reports on Form 10-Q. The information contained in this presentation describes several, but not necessarily all, important factors that could cause these differences.
