They have no plans which relate to or would result in the acquisition by any person of additional securities of the issuer, or the disposition of securities of the issuer, or a merger, reorganization or liquidation, involving the issuer or any of its subsidiaries, or a sale or transfer of a material amount of assets of the issuer or any of its subsidiaries.

However, there is currently a plan relating to a change in the present board of directors of the issuer. This plan relates to soliciting proxies and obtaining a written consent to elect two new members to the Board of Directors and also to remove two members of the current Board. This plan, if successful would result in a total of five members on the Board of Directors.

In addition, this same request for written consent contains a provision to amend the By-Laws of the Corporation to establish staggered terms for the members of the Board of Directors, consisting of three classes, amend the By-Laws of the Corporation to provide that Directors may

be removed only for cause prior to the expiration of such Director's term, and to amend the By-Laws of the Corporation to eliminate the right of shareholders to take corporate action by written action, without a meeting. Such modifications may impede the acquisition of control of the issuer by any person by making it more difficult for the potential acquirer to gain control of the Company's Board of Directors.
