Special Note Regarding Forward Looking Statements.

This abbreviated annual report on Form 10-KSB/A of World Energy Solutions, Inc. for the year ended December 31, 2007 contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. To the extent that such statements are not recitations of historical fact, such statements constitute forward-looking statements which, by definition, involve risks and uncertainties. In particular, statements under the Sections; Description of Business, Management's Discussion and Analysis of Financial Condition and Results of Operations contain forward-looking statements. Where, in any forward-looking statement, the Company expresses an expectation or belief as to future results or events, such expectation or belief is expressed in good faith and believed to have a reasonable basis, but there can be no assurance that the statement of expectation or belief will result or be achieved or accomplished.

The following are factors that could cause actual results or events to differ materially from those anticipated, and include but are not limited to: general economic, financial and business conditions; changes in and compliance with governmental regulations; changes in tax laws; and the costs and effects of legal proceedings.

You should not rely on forward-looking statements in this annual report. This annual report contains forward-looking statements that involve risks and uncertainties. We use words such as “anticipates,” “believes,” “plans,” “expects,” “future,” “intends,” and similar expressions to identify these forward-looking statements. Prospective investors should not place undue reliance on these forward-looking statements, which apply only as of the date of this annual report. Our actual results could differ materially from those anticipated in these forward-looking statements for many reasons, including the risks faced by World Energy Solutions, Inc. For example, a few of the uncertainties that could affect the accuracy of forward-looking statements include:

- (a) an abrupt economic change resulting in an unexpected downturn in demand;
- (b) governmental restrictions or excessive taxes on our products;
- (c) over-abundance of companies supplying computer products and services;
- (d) economic resources to support the retail promotion of new products and services;
- (e) expansion plans, access to potential clients, and advances in technology; and
- (f) lack of working capital that could hinder the promotion and distribution of products and services to a broader based business and retail population.

EXPLANATORY NOTE

World Energy Solutions, Inc, d/b/a World Energy Solutions (the “Company”, “WES”, “WESI”, “we” or “us”) is filing this amendment to its Annual Report on Form 10-KSB/A for the fiscal year ended December 31, 2007 that was originally filed on March 31, 2008 (the “Original 10-KSB”) in response to comments received from the Securities and Exchange Commission’s Division of Corporation Finance. This amendment includes the following:

- additional disclosure of management's report regarding its assessment of internal control over financial reporting as required by Item 308 of Regulation S-B; and
- additional language required by paragraph 4(b) of Item 601(b)(31) of Regulation S-B to be included in the Sarbanes-Oxley certifications (Exhibit 31) of the chief executive officer and chief financial officer for the Company.

Other than as specified above, this amendment does not modify or affect the financial statements or the notes thereto in the Original 10-KSB. This amendment does not reflect events occurring after the filing of the Original 10-KSB and does not modify or update the disclosures therein in any way other than as required to reflect the amendments as described above and set forth below. Unless the statements indicate otherwise, as used in this amendment, the terms “Company,” “we,” “us” and “our” refer collectively to WES and its subsidiaries.

PART II

Item 8A. Controls and Procedures.

Item 8A(T). Controls and Procedures.

(a) Management's Conclusions Regarding Effectiveness of Disclosure Controls and Procedures and Annual Report on Internal Control Over Financial Reporting.

The management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting. The Company's internal control over financial reporting is a process designed under the supervision of the Company's Chief Executive Officer and Chief Financial Officer to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Company's financial statements for external purposes in accordance with U.S. generally accepted accounting principles.

With respect to the fiscal year ending December 31, 2007, under the supervision and with the participation of our management, we conducted an evaluation of the effectiveness of the design and operations of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934 and based on the criteria for effective internal control described in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based upon our evaluation regarding the fiscal year ending December 31, 2007, the Company's management, including its Chief Executive Officer and Chief Financial Officer, has concluded that its disclosure controls and procedures were not effective due to the Company's limited internal resources and lack of ability to have multiple levels of transaction review. Through the use of external consultants and the review process, management believes that the financial statements and other information presented herewith are materially correct.

With respect to the fiscal year ending December 31, 2007, under the supervision and with the participation of our management, we conducted an evaluation of the effectiveness of the design and operations of our internal controls over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) promulgated under the Securities Exchange Act of 1934 and based on the criteria for effective internal control described in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based upon our evaluation regarding the fiscal year ending December 31, 2007, the Company's management, including its Chief Executive Officer and Chief Financial Officer, has concluded that its internal controls over financial reporting were not effective due to the Company's limited internal resources and lack of ability to have multiple levels of transaction review. Through the use of external consultants and the review process, management believes that the financial statements and other information presented herewith are materially correct.

The Company's disclosure controls and procedures and internal controls over financial reporting are designed to provide reasonable assurance of achieving their objectives. However, the Company's management, including its Chief Executive Officer and Chief Financial Officer, does not expect that its disclosure controls and procedures, or its internal controls over financial reporting will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefit of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected.

This Annual Report does not include an attestation report of the Company's independent registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to

attestation by the Company's independent registered public accounting firm pursuant to temporary rules of the SEC that permit the Company to provide only management's report in this Annual Report.

(b) Changes in Internal Controls.

There have been no changes in the Company's disclosure controls and procedures and internal controls over financial reporting during the period ended December 31, 2007 that have materially affected, or are reasonably likely to materially affect, the Company's internal controls over financial reporting.

Item 8B. Other Information.

None.

And Chief Financial Officer**

I, Benjamin C. Croxton, certify that:

1. I have reviewed this amended annual report on Form 10-KSB/A of World Energy Solutions, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
4. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors

and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
